

Things I like doing on Sundays

I like going shopping with family every Sundays. We get to the shopping mall by car. We buy food at the supermarket. We will buy apples, drinks and chips, After shopping, we will go to the restaurant to eat. I like to eat pizzas and cheesecakes. There is a drinking bar. We can take a drink in there. I am full and happy after eating and shopping!

I also like swimming at the beach after shopping and eating my yummy lunch with my family. My sister and I put snacks and drinks in our bag and close the bag. Then we go with our parents by car. We swim together and play water with my sister. After swimming, Mum takes out our dinner and our mat from her bag. I have pineapples and rice balls. They are so yummy! I also drink Coca cola after eating on the mat. When it is time to go back home, Dad drives us back home. I feel relaxed when I am swimming in the sea. I also feel excited because when I am opening my lunch box on the mat, I see my favourite food.
